MSD LEGEND

MOBILE SCRAP SHEARS

A NEW LEGEND - FORGED IN INNOVATION

The objective was simple: reduce maintenance and boost productivity. As a result, productivity and uptime were optimized. LaBounty® shears have demonstrated their effectiveness in scrap metal processing, bridge deconstruction, and industrial demolition for many years. The Legend Series Mobile shear include the industry's exclusive fully protected and indexable mobile shear tip - the Dual Max™ piercing tip.

MSD LEGEND SERIES MOBILE SCRAP SHEARS

| Model | Weight* | | Jaw Opening | | Jaw Depth | | Reach** | | Min Excavator Weight - 2nd Member*** | | Min Excavator Weight - 3rd Member*** | |

*Weight includes standard excavator mounting bracket. Attachment weight may vary depending on mounting configuration as well as options.

** Reach is measured from the attachment mounting pivot (boom or stick) forward to the end of the jaw.

*** Excavator weight range is a guide only. 2nd member configurations at or near min/max excavator weight and all 3rd member configurations must be preapproved by LaBounty. Quick couplers, short swing machines, long arms all impact carrier size recommendation.

****Legacy B-Series, not Saber Series Shear.

LaBounty reserves the right to improve, update, or change the product specifications, appearance, or functional attributes without notice.
