MAXIMIZE BLADE LIFE - MINIMIZE MAINTENANCE

It's important to replace your shear blades when they get dull. Dull blades can result in decreased efficiency, and in some cases even structural damage to your shear. LaBounty offers blade replacement kits for both LaBounty and competitor shears, and now, LaBounty also has premium blades available for the MSD Saber and Legend Series shears with a 4% Nickel content. With our new, broader range of shear blade replacements, we continue the tradition of meeting the needs of all our customers.
